## **OBERAMMERGAU 2022**

A ONCE-IN-A-DECADE EXPERIENCE

Is a passion play that has been performed every 10 years since 1634 by the inhabitants of the village of Oberammergau, Bavaria, Germany. The play is a staging of Jesus' passion, covering the short final period of his life from his visit to Jerusalem and leading to his execution by crucifixion.

Only three times in the Passion Play's 400 year history has the performance been interrupted. This year's show will now mark the fourth time, as the historic event has been postponed to 2022 . In 1770 the Passion Play could not take place due to a general ban, in 1940 the Second World War prevented a performance. For the 1920 Passion Play, the municipal council decided not to press ahead with preparations for the Passion Play in view of the large number of World War I casualties, but the Passion Play could be postponed and held in 1922.
